EDUCATION

National Baccalaureate in Mathematics

High school diploma – Tunisia

2022

ESPRIT (Private Higher School of Engineering and Technology)

Engineering in Artificial Intelligence

2022-2027

WORK EXPERIENCE

Internship Department, ESPRIT University

Intern

Jun 2023 – Jul 2023

- Drafted administrative documents related to internships (**internship certificates, applications, agreements**)
- Managed and archived internship department records.

Club FUTURA ESPRIT

Member in Event Department

Oct 2023 – May 2023

- Collaborated with the team to organize university events, including ESPRIT's anniversary
- Assisted the Sponsoring Department in engaging and convincing potential sponsors for club events

Club Tunivisions ESPRIT TIC

Vice President in RH Department

- Organized and led meetings with the President, Vice Presidents, and members to review event feedback.
- Coordinated meetings with the University Chapter Representative from the Tunivisions Foundation.
- Managed the recruitment process for new club members and addressed member suggestions and concerns.

UNIVERSITY PROJECTS

SAFE: An Integrated Data Engineering and Predictive Analytics Solution for Food Safety

Sept 2024 – Dec 2024

- Designed and implemented ETL pipelines with SSIS for data cleaning, transformation, and loading into a data warehouse.
- Developed interactive Power BI dashboards for actionable insights for clients, inspectors, and restaurant owners.
- Built predictive models (classification, regression, clustering) with Python (Scikit-learn) to forecast inspection outcomes, risk, and revenue.
- Integrated AI tools into a Django web app for real-time decision support.

PhotoFolio :AI-Powered Online Art Gallery

Oct 2024 – Dec 2024

- Developed a Django-based web application enabling artists to showcase, sell, and generate AI-powered artwork.
- Integrated NLP for sentiment analysis of comments and displayed artist-specific insights via interactive pie charts.
- Implemented facial recognition for secure login and CLIP-based AI image generation with usage limits.

SKILLS

Technical Skills:

- **Web Development:** HTML, CSS, Javascript
- **Frameworks & Platforms:** Django, Qt, NodeJS, Cisco Packet Tracer
- **Programming Languages:** C, C++, Java, Python
- **AI & ML:** TensorFlow, Pytorch, Generative Models
- **Data & BI:** Power BI, SSIS, ETL
- **Mobile Development:** FlutterFlow
- **Project Management:** Github

Languages:

- French B2
- English B2

Certifications:

- Generative AI with Diffusion Models from NVIDIA Feb 2025
- Fundamentals of Deep Learning from NVIDIA Dec 2024
